

thorities at Raleigh the full amount of State Taxes due by the County of Anson, being the sum of \$5,271.24. He also accounted to the Board of Commissioners for the full School Fund of \$5,103.20. A duty well performed becomes a meritorious act.

As will be seen from an advertisement elsewhere, the Fair Grounds of the Dixie Agricultural Association will be sold at public auction on the 5th day of June next to satisfy a claim against the Association. The property is very valuable, and we trust the stockholders will find it their interest to pay off the claim and preserve the property intact for future Fairs.

News of an unfortunate accident comes to us from Morven. On Saturday last while Mr. Hugh McPherson was projecting with a pistol, it was discharged, and the ball struck Mr. May Teal just above his eye, and glanced. The wound, though painful, is not necessarily serious. People cannot handle loaded weapons too carefully, in fact it is against the law to handle them at all.

The young business men of Wades are now coming to the point. Mr. John M. Birmingham has opened a stock of groceries and confectionaries in the Rose Bro. store. Messrs. W. C. Hardison, Craig Bro., and J. M. Birmingham are all right young men, and have opened since New Year. If close application to business and untiring energy are the ground work of success, we feel that our young friends will ~~marry~~ **marry** it.

LILESVILLE NOTES.

W. J. Cox, better known as "Uncle Billy" has taken the contract for rebuilding Kerchner and Calder's guano warehouse.

Now is the time, when the ground gets dry enough, to plant onion sets and sow turnip and lettuce seed.

Mrs. Polly Henry, relict of the late Jeremiah Henry, and mother of your townsman, T. B. Henry, died several days since after many months of suffering. Her age must have been about seventy years, and she was a most worthy and estimable christian lady and for many years a member of the Baptist church.

Dr. W. H. Battle vaccinated twenty six persons in one day, last week.
