

**COMPLETION  
OF NORWOOD PLANT.**

Power & Light Co. Gives Invited Guests—Gardner & Speak—Magnificent Banquet 83,000 H. P.

Power & Light Co. completed the completion of the Norwood hydro-electric plant a barbecue to which 100 guests from the territory were invited. The most magnificent of its type in the South is the only one in North Carolina. A distinguishing feature, to say the least, is the fact that the machinery is placed almost in the lower face of the plant. It is the last word in construction, embodying the latest and best ideas in the work.

Inspected the plant upon the completion of the power company. A number of well posted men came to explain all features of the plant.

At the inspection, the barbecue was on top of the bluff on the right side of the river, and had been constructed for the guests. No feature was omitted, and no one has ever been served in such a manner, according to those present.

At the barbecue, speeches were made by O. Max Gardner, North Carolina Governor, and H. F. Byrd, Republican nominee. Other guests were James H. Poy, J. C. W. F. Congressman W. F. Cheraw, S. C. Mr.

**WILL ERECT SILK  
MILL MACHINERY.**

Allen-Liles Silk Company Will Manufacture Silk Hosiery Yarns—To Be in Operation Soon—Jepson Company Fails to Materialize.

The machinery for the Allen-Liles Silk Company has arrived, and an expert is expected here today to erect it in the old silk mill which Messrs. H. B. Allen and W. Henry Liles purchased some time ago. The old mill building has been repaired and placed in first class condition. The machinery, which was bought some time ago, is the best of its kind, and it is expected that the mill will be in operation in about 30 days or so.

Mr. Charles Uren, who recently returned from the North, where he went to investigate silk mill machinery, and who has had many years of experience in silk manufacturing, will be superintendent of the mill for Messrs. Allen and Liles. About 25 operatives will be employed and about 250 pounds of silk hosiery yarns will be manufactured each day. It is expected that the yarns will be sold to the full-fashioned silk hosiery manufacturers in this state.

The Allen-Liles Silk Company will take the place of the Jepson Art Weaving Company, which was incorporated some time ago, but which never organized, through no fault of the local men interested in the project. There is no connection between the two enterprises, one merely coming along where the other fell through.

**HUNTER-COVINGTON**

The marriage of Miss Covington and Mr. M. Hunter of Oxford, which took place in the First Baptist church yesterday afternoon at 4:30 was the most beautiful and impressive ceremony ever witnessed in the city. The church was decorated with white flowers and white lilies. The chancel was beautifully decorated with four tall candle-lanterns and branched candle sticks.

Prior to the ceremony, Mrs. Pruette sang "Sweetest Told," and Mrs. H. W. L. "I Know a Lovely Garden Stancy," accompanied by Mrs. Lyon, who played the wedding music.

The ushers were Dr. and Mr. George W. Hunter and the groomsmen were M. Covington and Roy Breeford.

The bridesmaids were Mrs. and Andrea Covington. They wore pink georgette dresses and hats of black and pink. The arm baskets were of gladiolas.

The maid of honor, Mae Covington, wore a crepe Elizabeth of silk and a pink picture hat. She carried a basket of silver Columbian flowers.

The flower girls were Elizabeth Williamson and Helen. They wore green dresses and carried arm baskets of pink mixed flowers.

Little Cornelle Caraway was the ring bearer. She wore a pink pleated georgette and carried the rings in a large white lily.

The bride entered the church with her father, Mr. B. G. Covington, and her mother, Mrs. M. Hunter.
